OUR MISSION

We create spaces that serve a purpose.

To nurture, educate, and empower children and communities through safe spaces, quality learning, and opportunities that build dignity, independence, and lasting impact.

Our Identity and Purpose

Foundations of Learning

At Living Waters, we provide primary education that gives children a safe space to grow academically and socially, building literacy, confidence, and a love for learning.

Skills and Compassion for Life

Through our upcoming vocational training centre, we empower youth and adults with practical, job-ready skills that open doors to employment, independence, and economic opportunity.

A Shelter with Care and Growth

Our children's home nurtures vulnerable young lives, offering stability, protection, and a sense of belonging where every child feels valued and supported.

Learning Rooted in Faith

We strengthen communities through evangelism, outreach, and fellowship, creating spaces for spiritual growth, hope, and meaningful connection.

IMMEDIATE NEEDS: PRIMARY SCHOOL

Protecting Our Space

Our lakeside location is beautiful, but vulnerable. Seasonal flooding threatens both safety and infrastructure. A protective boundary wall is a critical next step.

To Play & Move

Children need room to be children. So we hope to:

- Install swings and simple play structures and
- Build safe walking pavements across the grounds
- The basketball court needs repair
- The football field requires levelling to be usable again.

IMMEDIATE NEEDS: PRIMARY SCHOOL

Communal Eating Space

The benches of our outdoor eating area are dilapidating, children often resort to eating on floors, which is not ideal.

Fixing What's Worn Down

Time and weather have taken a toll on classrooms. Repairs are needed for:

- Roofs
- Doors
- Windows

What's Next: A New Future for Secondary Education

Our secondary school had to close due to financial losses, something we deeply felt as a loss for the community.

But this is not the end of the story.

We are reimagining this space as a Vocational Training Centre — open to youth and adults alike. A place where people can learn practical skills, find employment pathways, and build independence.

This is about shifting from limitation to possibility.

Any support towards this transformation directly contributes to long-term, sustainable impact.

WHO WE WORK WITH

Special Appeal: Carolyn's Container

Carolyn has been at the heart of Living Waters, pouring her energy into building and sustaining this mission.

We are currently raising funds for a second-hand container unit that will hold 25 years of history of Living Waters Ministries. This container will be used to store Carolyn's archive of photographs, VHS tapes, newspaper features, literature and more.

SERVICE PACKAGES

Get Involved: Fundraising Experiences

We believe giving can be meaningful, memorable, and even adventurous. We are planning a series of fundraising experiences, where participation directly supports Living Waters:

Serengeti Safari

Explore Tanzania's incredible wildlife while contributing to a cause

Kilimanjaro Summit

Take on an iconic climb on the world's highest free standing mountain with a greater purpose.

Surfing in Zanzibar

Zanzibar's crystal blue waters offer great diving and surfing experiences.

CLOSING NOTE

A Final Word

Living Waters is built on faith, community, and the quiet determination to keep going, even when resources are limited.

Right now, more than ever, we need people who believe in what this place can become.

If something in this story speaks to you, we invite you to be part of it. Because together, we're not just maintaining a space, we're *shaping lives*.
